# CY 2015 MONITORING PLAN

## I. INTRODUCTION

### 1. Rationale

Monitoring and Evaluation is one of the mandates and major functions of the National Economic and Development Authority (NEDA) and the Regional Development Council (RDC). The Regional Project Monitoring and Evaluation System (RPMES) was established through EO 376 dated 2 November 1989, primarily to facilitate project implementation, monitoring and evaluation. The system presents the processes and procedures in monitoring and evaluating programs and projects at the national, regional and local/provincial levels and the generation of information on the overall status of project implementation.

The Regional Project Monitoring Committee (RPMC) is tasked to monitor and evaluate programs and projects implemented at the regional and provincial levels. The member agencies of the RPMC are NEDA, DBM, DILG, PMS, 3 Private Sector Representative (PSRs) and the Provincial Planning and Development Coordinators (PPDCs) of the five (5) provinces of the region.

NEDA being the Secretariat of the RPMC prepares the quarterly RPMES Reports. The RPMES report provides the status of implementation of programs and projects implemented in the region. These programs/projects include all foreign-funded projects/ODA-funded projects (loan or grant); interprovincial projects implemented in two or more provinces in the region, all area development projects, nationally-funded projects implemented in the region and other projects considered critical by the Office of the President (OP) and the Regional Development Council (RDC).

Another focus of regional monitoring and evaluation are critical and high-impact projects implemented by Provincial LGUs that support the development thrusts and priorities of the region.

The RPMC likewise has a Project Monitoring Team (PMT) whose members are the designated staff of the member agencies and the three (3) PSRs. The RPMC-PMT shall be responsible in the conduct of monitoring and evaluation of programs and projects particularly with high regional impact, alarming negative slippage and with good implementation practices that are worth replicating.

To commence the process, the RPMC Secretariat prepares an annual **Monitoring Plan (MP)** during the end of the preceding year for implementation in the succeeding year. The MP provides the list of priority programs and projects to be covered in the quarterly RPMES report and monitored and evaluated during each year. The MP also provides the guide for the RPMC-PMT in the conduct of monitoring and evaluation activities in the region.

## 2. Objectives

Specifically, this CY 2015 Monitoring Plan aims to:

- a. Provide a list and brief profiles of programs and projects for Table Monitoring and Field Monitoring Visits during the current year;
- b. Present the schedule of monitoring and evaluation activities for the year; and
- c. Provide a guide and procedure for the RPMC-PMT in the conduct of monitoring and evaluation activities.

## 3. Scope and Coverage

This Monitoring Plan covers all programs and projects implemented at the regional and provincial levels during the current year including those carried-over from the previous year. It also involves development programs and projects considered critical and with high-impact by the Regional Development Council. These programs and projects are further classified into two (2), as follows:

- a. Programs and projects for table monitoring (RPMES)
- b. Programs and projects for field monitoring visits (FMV)

All programs and projects classified under Table and Field Monitoring are also grouped into the following:

- a. Foreign-assisted or Official Development Assistance (ODA)-funded projects;
- b. Major Nationally-Funded Programs/Projects;
- c. Major Infrastructure Support Projects;
- d. Agriculture Development Projects;
- e. Anti-Poverty and Livelihood Programs; and
- f. Provincial Government Programs/Projects with high regional impact

## II. PROGRAMS AND PROJECTS FOR MONITORING AND EVALUATION

### A. Table Monitoring

The programs and projects classified for **Table Monitoring** are those priority programs/projects in support to the development thrusts and priorities of the region. These programs/projects are being administered and implemented by the different regional line agencies. These programs/projects are being enrolled in the quarterly RPMES Report prepared by the RPMC Secretariat, the NEDA Region 02.

The Regional Project Monitoring and Evaluation System (RPMES) Report is a document that presents the status of implementation of regional and selected provincial programs and projects on a quarterly basis. As an enhancement, the report now includes critical and high-impact projects that are implemented by the provincial Local Government Units in the region.

For CY 2015, the programs and projects with the corresponding details and considered for **table monitoring** under each category are presented in **Table 1**. This does not limit though implementing agencies and provincial LGUs in enrolling new programs and projects to be considered for monitoring for CY 2015.

## **B. Field Monitoring Visits (FMV)**

The programs and projects classified for **Field Monitoring Visits (FMV)** are likewise programs/projects with high regional impact particularly those with negative slippages. The programs/projects identified for regular FMV are Official Development Assistance (ODA)-funded projects and those projects that are of special concern to the RPMC.

In the identification of priority programs/projects subject for field monitoring for the year, the project cost was the basic consideration. At least five (5) projects are scheduled for FMV per quarter in consideration of the workload of RPMC-PMT members.

Programs and projects that are about to end are likewise lined up for RbME/ Impact Evaluation. For this year, at least one (1) project was scheduled to be subjected to Result Monitoring and Impact Evaluation.

The list of priority programs and projects considered for Field Monitoring Visits (FMV) for CY 2015, under each category are presented in *Table 2 (List of Programs and Projects for Filed Monitoring Visits)*. The details of the project reflected in *Table 1* shall serve as basis of the PMT during the actual conduct of the quarterly monitoring visit.

**Table 1: Programs and Projects for Table Monitoring and RPMS Reporting**

| <b>PROGRAM/PROJECT TITLE</b>  | <b>Implementing Partner/ Proponent</b> | <b>Brief Description</b>   | <b>Funding Source &amp; Total Project Cost</b>                         | <b>Location/Coverage &amp; Beneficiaries</b>  | <b>Implementation Period</b> |
|---|--|--|--|---|------------------------------|
| <b>A. Foreign-assisted or Official Development Assistance (ODA)-funded projects</b> |  |  |  |   |                              |
| 1. Agrarian Reform Infrastructure Support Project (ARISP) III                       | DAR, DPWH, NIA, DA                     | The project involves the construction/rehabilitation of rural infrastructure such as irrigation facilities, farm-to-market roads, post harvest facilities, rural water supply system and construction of farm-to-market roads and bridges.   | JICA PhP330 Million  | The project will benefit eleven (11) ARCs distributed in the four (4) mainland provinces of Region 02: Isabela-2, Cagayan - 3, Nueva Viscaya – 3 and Quirino – 3. | CY 2008-2014                 |
| 2. Pasa Small Reservoir Irrigation Project (PSRIP)                                  | NIA, LGU KOICA                         | Adapting to Climate Change Impacts Through the Construction of Water Impounding Facilities in the Philippines is a Grant under Korea International Cooperation Agency (KOICA) located at Ilagan, Isabela which will be supplying irrigation water to five (5) barangays, with a service area of 980 Hectares. The water source is the Pasa River and with a proposition that a 36.70 m. height and 194.00 m. long Dam will be constructed. | KOICA= 935.680<br>GOP= 93.413<br>Total Project cost = <b>1,029.093</b> | Pasa, Ilagan City, Isabela<br><br>Beneficiaries are Residents/farmers in five (5) barangays of Ilagan, Isabela- Pasa, Minabang, Morado, Sta. Victoria and Fuyo    | CY 2012-2016                 |
| <b>B. Major Nationally-Funded Programs/Projects</b>                                 |  |  |  |   |                              |
| 1. Cagayan North International Airport  | CEZA & Cagayan                         | This project involves the development of a fully operational   | GOP & Private  | Lallo, Cagayan  | CY 2009 - 2010               |

|  |                                   |   |   |  |                   |
|--|-----------------------------------|---|---|--|-------------------|
| Project  | Land Property Dev't Corp. (CLPDC) | international airport that is able to accommodate larger aircrafts and international flights. Also, it will be a vital component in the operation of the CSEZFP as an instrumental link to all types of air-industrial facilities to a single, worldwide coordinated network that facilitates efficient and rapid delivery of goods and eventually increase tourist arrivals. | PhP1.657 Billion (CEZA, 691M - 42%; Private, 966M - 58%)              |  |                   |
| 2. Breakwater Construction PHASE IV-B  | CEZA                              | Phase IV-B involves the construction of additional 150-meter breakwater that connects to the existing 850-meter breakwater and extends seaward to protect the port structure and docking vessels.   | GOP PhP 903 M (150 meter)   | Sta. Ana, Cagayan  | CY 2014           |
| 3. Government Hospital Upgrading/Rehabilitation Program                              | DOH & DPWH                        | The project covers rehabilitation and upgrading of the major hospitals in the region, including the acquisition of improved hospital facilities and the construction and improvement of RHUs and BHSs in all the 5 provinces in the region.   | GOP PhP393.989 M  | Regionwide Rural folks/poor communities in the region  | Continuing        |
| 4. National Irrigation System (NIS) Restoration/Rehabilitation and Extension Project | NIA RO2                           | This project is composed of 28 specific projects which are expected to service a total of 75,412 hectares of agricultural lands. Of this total, about 51,266 hectares or 68% will be newly irrigated areas while the  | World Bank = 16 projects; GAA/GOP = 12 projects Total Cost = PhP70.47 | Regionwide A total of 50,040 farmers are expected to benefit from these irrigation projects. | CY 2011 - CY 2014 |

|   |      |   |  |  |              |
|---|------|---|--|--|--------------|
|   |      | remaining 24,146 hectares will be restored/rehabilitated irrigated ricelands.   | Billion                                    |  |              |
| 5. National Greening Program (NGP)                          | DENR | The NGP is a massive introduction of forest tree species and fruit-bearing trees in open areas within private and public lands.   | PhP92.58 M                                 | Batanes, Cagayan, Isabela, Nueva Vizcaya and Quirino | CY 2015      |
| 6. Patent Processing and Issuance Program                   | DENR | The program aims to accelerate the distribution of public lands to the poor and marginalized farmers to make these lands more productive.   | CARP and RFPA funded                       | Batanes, Cagayan, Isabela, Nueva Vizcaya, & Quirino  | CY 2015      |
| 7. Philippine Rural Development Project (PRDP)              | DA   | This is a six-year (6) project designed to establish the government platform for a modern, climate-smart and market-oriented agri-fishery sector. Also, key infrastructure, facilities, technology, and information that will raise income, productivity and competitiveness in the countryside will be provided. | World Bank, NG, LGU/<br>PhP372 M (CY 2014) | Batanes, Cagayan, Isabela, Nueva Vizcaya & Quirino   | CY 2014-2019 |
| 8. Support to Bottom-Up Budget Process and Empowerment Fund | DILG | This program aims to ensure the implementation of priority poverty reduction projects as identified at the city/municipal level through a participatory planning and budgeting process.   | 1.0 Billion (Whole program)                | Batanes, Cagayan, Isabela, Nueva Vizcaya & Quirino   | CY 2012-2015 |

| <b>C. Major Infrastructure Support Projects</b>                        |          |  |                                      |   |                   |
|--|----------|--|--------------------------------------|---|-------------------|
| 1. CY 2013 & 2014 Regular Infrastructure Program                       | DPWH RO2 | This program involves the construction and completion of 943 (CY 2013) and 268 (CY 2014) infrastructure projects distributed in the five provinces of Region 2. These include roads and bridges, flood control and drainage systems, school buildings, hospitals and other infrastructure facilities.  | CY 2013-PhP5.7 B<br>CY 2014-PhP5.5 B | Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino | CY 2013 & CY 2014 |
| 2. CY 2014 DPWH-DOT Convergence Program                                | DPWH RO2 | This program involves the construction of ten (11) road projects leading to different tourist destinations in the five provinces of Region 02.   | GOP P544.159 M (CY 2014)             | Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino | CY 2014           |
| 3. Construction of Dalton Pass Road Phase II (New Alignment Segment 5) | DPWH R02 | This project (Phase II) involves the concreting of 16,429.88 ln.m. road @ 6.7m width with drainage, slope protection works & other miscellaneous structures.   | DPWH Regular Infra Php300.00 M       | Aritao, Nueva Vizcaya                             | CY 2012- CY 2015  |
| 4. ADB Road Improvement and Institutional Development Project (RIIDP)  | DPWH RO2 | The program is composed of detailed design for Asset Preservation, Civil Works, and Institutional Development. The project involves 11 road sections along nine national roads located in the west coast of Luzon, Visayas and northern coast of Mindanao with a total length of about 340 kilometers. | 6.5 Billion ADB (Whole project)      | Regionwide  | CY 2013-2015      |

| <b>D. Agriculture Development Projects</b>               |      |   |                          |  |                   |
|--|------|---|--------------------------|--|-------------------|
| 1. CY 2010-2013 Farm-to-Market Roads Development Program | DA   | These Farm to Market Roads (FTMRs) form part of the Farm-to-Market Road Development Program of the DA. There are 155 projects distributed in the 5 provinces in the region.   | PhP 471.89 M             | Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino  | CY 2012 – CY 2013 |
| 2. CY 2014 Farm-to-Market Road Development Program       | DA   | These Farm-to-Market Roads (FTMRs) projects are distributed in the 5 provinces of the region. It covers the construction of 53 FMR projects.  | PhP 216.1 M              | Batanes, Cagayan, Isabela, Nueva Vizcaya, Quirino/ around 35,000 farmers regionwide will be benefitted     | CY 2014           |
| <b>E. Anti-Poverty and Livelihood Programs</b>           |      |   |                          |  |                   |
| 1. Pantawid Pamilyang Pilipino Program (4Ps)             | DSWD | The Pantawid Program is the flagship poverty reduction program of the government aimed at reducing extreme poverty and increasing the human capital of the poorest households. It is a poverty strategy that provides cash grants to extremely poor households with pregnant women and/or children 0-14 years old, provided that they comply with specific conditionalities on health, nutrition and education. | Continuing appropriation | Cagayan, Isabela, Nueva Vizcaya and Quirino / <i>poorest households</i> in the four provinces in Region 02 | CY 2008 - present |
| 2. Sustainable Livelihood Program (SLP)                  | DSWD | This program aims to help families cope with the changing times. Capital seed fund is provided to qualified beneficiaries for their income-generating projects to   | Continuing appropriation | Cagayan, Isabela, Nueva Vizcaya, & Quirino   | CY 2015           |

|  |          |  |                     |  |         |
|--|----------|--|---------------------|--|---------|
|  |          | sustain their families' daily basic needs. Also, it is focused on the social preparation and capacity building stages of identified Pantawid beneficiaries.  |                     |  |         |
| 3. Supplementary Feeding Program             | DSWD     | This project is the provision of food in addition to the regular meals to currently enrolled children in day care as part of DSWDs contribution to the ECCD program of the government.   | Php 111.191 M       | Batanes, Cagayan, Isabela, Quirino and Nueva Vizcaya   | CY 2015 |
| 4. Social Pension Program                    | DSWD     | The program aims to improve the living condition of indigent senior citizens to meet their daily subsistence and medical requirements and to reduce the incidence of hunger among this social sector group with the provision of a monthly stipend of P500.00 given to qualified senior citizens aged 77 years old and above nationwide. | P57.456 M (CY 2013) | Regionwide / Senior Citizens   | CY 2015 |
| 5. Integrated Livelihood Enhancement Program | DOLE R02 | This Program provides productive, gainful and secured employment to marginalized and unprotected workers in the informal sector. It integrates all livelihood programs of the DOLE such as CSS, MPSC, PBM, MPP, PPP and special projects.  | Php 45.64 M         | Batanes, Cagayan, Isabela, Nueva Vizcaya and Quirino members of cooperatives/ associations & improve the quality of life of the beneficiaries. | CY 2015 |

| <b>F. Public-Private Partnership (PPP) Projects</b>   |       |  |                        |            |              |
|---|-------|--|------------------------|------------|--------------|
| 1. Public-Private Partnership (PPP) for Public School Infrastructure Project (PSIP II)                                  | DEPED | The project involves the design, financing and construction of 547 classrooms in 322 project sites, including furniture and fixtures, in various sites in the region. The project aims to supplement the current program of the Department of Education in reducing classroom backlog.   | P 433.29 Million - GOP | Regionwide | CY2014-2016  |
| <b>G. Provincial Government Programs/Projects</b>   |       |  |                        |            |              |
| <b>1. BATANES</b>   |       |  | P 98.11 M              |            | CY 2014-2015 |
| a. Construction of Back-up Area and Extension of Pier   |       | This project involves the construction of a pier extension with an area of 636.12 sq.m., a back-up area of 1,893.32 sq.m. and a port lighting system.  |                        |            |              |
| b. Construction of Three (3) Storey OR/DR Building-Phase I and Sewage Treatment Plant (STP) of Batanes General Hospital |       | The completion of the project will eventually improve the provision of health-related services in the entire province of Batanes which is in conformity with Department of Health (DOH) standard for Hospital Set-up.<br><br>With the construction of STP, it is expected that the wastewater coming out from the hospital has already been treated in conformance with the standard | P 62.81 M              |            | CY 2013-2014 |

|   |  |  |                      |  |                   |

|  |  | equipped with wake boarding facilities, pavilion, restaurant, swimming pools, bathrooms and other amenities.  |                                     |  |                   |
| b. Quirino Integrated Agricultural Development Project (QIADP) |  | The <b>QIADP</b> is a project funded by KOICA which aims to contribute to the alleviation of poverty by increasing farmers' income in Quirino province. It has five components, namely: Pilot Program for Agro-forestry, Road Development/Construction, Animal Feed mill facility, Mushroom Spawn Production and Establishment of Quirino Agricultural Credit. The Quirino Agricultural Credit will provide microfinance to farmer beneficiaries. | US\$ 5 Million Grant aid from KOICA |  | CY 2014 - onwards |
